

Topic F

The Years in Review: A Reflection on *A Story of Units*

In this final topic of Module 6, and in fact, the final topic of *A Story of Units*, students spend time producing a compendium of their learning. They not only reach back to recall learning from the very beginning of Grade 5, but also expand their thinking by exploring such concepts as the Fibonacci sequence. Students solidify the year's learning by creating and playing games and exploring patterns as they reflect back on their elementary years. All materials for the games and activities are then housed for summer use in boxes created by students in the final two lessons of the year.

The Years in Review: A Reflection on *A Story of Units*

- Objective 1:** Solidify writing and interpreting numerical expressions.
(Lessons 26–27)
- Objective 2:** Solidify fluency with Grade 5 skills.
(Lesson 28)
- Objective 3:** Solidify the vocabulary of geometry.
(Lessons 29–30)
- Objective 4:** Explore the Fibonacci sequence.
(Lesson 31)
- Objective 5:** Explore patterns in saving money.
(Lesson 32)
- Objective 6:** Design and construct boxes to house materials for summer use.
(Lessons 33–34)
